Bloomington, MN 55425

Dear Flight Attendants:

I am writing to offer the full support of the Minneapolis Regional Labor Federation, AFL-CIO — representing more than 100 affiliated unions and their 71,000 members — for your campaign to win your representation election at Delta Air Lines.

The Twin Cities metropolitan area, as the headquarters and a hub of the former Northwest Airlines, benefited immeasurably from the thousands of jobs at Northwest — jobs that were union jobs with good wages and benefits negotiated by workers at the bargaining table.

Your members are our neighbors, our friends, and our families.

With Northwest's acquisition by Delta Air Lines, we care about what happens to workers in the merged workforce.

All Delta employees deserve a voice on the job and the right to bargain collectively for a contract that offers good wages and benefits.

We wish you success in your work to win the vote now underway.

In Solidarity,

William McCarthy  
President
