### Measuring Tips:

- Have someone else measure you
- Keep tape straight but not tight
- Measure over undergarments or other clothing that will be worn under your uniform.
- If your measurements fall between two sizes, order the larger size.

### A - HAT:

Measure the circumference of your head above the eyebrows.

**See measurement A.**

### B - BUST:

Holding tape gently, measure around fullest part of bust. Keep tape straight and level.

**See measurement B.**

### C - WAIST:

Measure around the smallest part of your natural waistline. Hold tape firmly but not tightly. Keep the tape level and be sure to stand naturally.

**See measurement C.**

### D - HIPS:

Measure around the fullest part of hips. Hold the tape measure firmly, but not tightly. Keep the tape measure straight and level.

**See measurement D.**

### E - HEIGHT:

Stand against a wall in stocking feet. Mark a point level with top of your head. Measure from this point down to the floor. (Shoe heels can add inches to your height).

**See measurement E.**

### F - RISE:

Some pants come in petite, regular, and tall rises. This is the distance provided from the top of the waistband to the bottom of the crotch. Basically a petite rise is 1" less than regular and tall are 1" longer. If you are taller than average, have a long torso, or require more freedom in the lower stomach area, you may be more comfortable in a tall rise. If you are unsure of your rise measurement, order a regular.

**See measurement F, which references measurement G to measurement H.**

### G - H - INSEAM:

Lay well-fitting similarly styled pair of slacks flat with crease at back and front. Lift one leg and measure from crotch seam to bottom of slack leg.

**See Measurement G and H.**

### Return Policy:

Any garment that does not meet your expectations of quality or performance may be returned to us once authorized, within 30 days of order date, including custom merchandise if defective. However, the following items are non-returnable.

- Trousers hemmed shorter than 28 inch inseam
- Custom manufactured special orders

Return and exchange instructions will be included with your order.
